## Roofing, Gutters, Conductors, Flashings and Corrugated Iron Work

Caption	Drawing No.	Page No.	Caption	Drawing No.	Page No.
Molded Sheet Metal Conductor Heads..	1	10	Sheet Metal Dormer Window on Slate or Flat Tile Roofs.....	39	64
Conductor Fasteners and Ornamental Bands .....	2	10	Gable Wall Flashing on Slate or Tile Roofs .....	40	64
Roof Connections to Conductor Heads..	3	10	Wall Flashings on Slate or Tile Roofs..	41	64
Overflow, Outlet Tube and Conductor Head .....	4	14	Parapet Wall Flashing.....	42	68
Outlet Tube and Overflow Connection Through Gargoyle .....	5	14	Concealed Flashings on Slate or Flat Tile Roofs .....	43	68
Conductor, Head and Bands—Typical Erection .....	6	14	Hip Mold and Deck Cornice at Slate or Tile Roofs .....	44	68
Roof Gutters and Eaves Trough.....	7	14	Deck Molding and Flashing at Mansard Roof .....	45	72
Roof Gutters for Slate or Flat Tile Roofs .....	8	19	Deck Cornice at Mansard Roof.....	46-47	72-75
Roof Gutter for Concrete Tile Roof....	9	19	Saw Tooth Roof—Ridge Mold and Flashing .....	48-48A	75
Gutters for Tile Roof—Concrete Construction .....	10	22	Saw Tooth Skylight—Double Sash and Roof Insulation .....	49	79
Eaves Gutters at Flat Roofs.....	11	22	Saw Tooth Skylight—Steel Sash and Roof Insulation .....	49A	79
Hanging Gutters with Expansion Joint	12	25	Flat Seam Tin Roofing.....	50	82
Eaves Gutters for Various Roofs.....	13	25	Eaves and Verge Finish for Metal Roofs	51	82
Eaves Troughs and Hangers for Various Roofs .....	14	28	Base and Cap Flashings to Walls of Various Construction .....	52-52A	82
Eaves Troughs Erected with Adjustable Hangers .....	15	28	Flat Seam Copper Roofing with Soldered Locks—Expansion Batten .....	53	87
Box Gutter Lining .....	16	31	Flat Seam Copper Roofing—Double Locked, Unsoldered .....	54	89
Expansion Joint for Box Gutter Lining.	17	31	Standing Seam Roofing.....	55-55C	91
Box Gutter Lining at Standing Seam Roof .....	18	34	Batten or Ribbed Roofing.....	56-56E	97
Batten Roof Connection to Gutter.....	19	34	Flat Seam Roofing on Conical Spire or Tower .....	57	105
Box Gutter Lining at Slate Roofing....	20	37	Standing Seam Roofing on Conical Spire or Tower .....	58	107
Gutter Linings and Flashings at Composition Roofing .....	21	37	Batten or Ribbed Roofing on Conical Spire or Tower.....	59	109
Flashings Used in Connection with Composition Roofing .....	22-23	40-42	Octagonal Spire or Tower with Copper Roofing .....	60	111
Flashing Used at Tile Deck Roofing....	24-25	42	Octagonal Spire or Tower with Double Curved Roof .....	61	111
Gravel Stop and Approved Strainer....	26	46	Flat Seam Covered Circular Dome.....	62	114
Gutter Linings on Stone Cornice.....	27	46	Patterns for Flat Seam Circular Dome.	63	114
Gutter Linings in Concrete and Terra Cotta Cornices .....	28	49	Flat Seam Circular Dome—Seams Locked Diagonally .....	64-65	117-119
Open Valley on Shingle, Slate or Flat Tile Roofs .....	29	49	Standing Seam Circular Dome—Development of Gores .....	66	119
Closed Valleys on Slate, Flat Tile or Shingle Roofs .....	30	49	Batten Roofing on Circular Dome.....	67-67A	122
Hip Flashing and Covering on Slate or Flat Tile Roofs .....	31	53	Pressed Sheet Steel Standing Seam Roofing .....	68	126
Ridge Roll and Saddle on Slate or Flat Tile Roofs .....	32	53	Self-Capping Roll Roofing.....	69	126
Curb Flashing Above Ridge Line of Slate or Flat Tile Roofs.....	33	53	Cornice Covering and Outlet Drainage Tubes .....	70	129
Hip and Ridge Flashing for Slate or Flat Tile Roofs.....	34	57	Cornice and Balustrade Flashing—Outlet Drainage Tubes .....	71	129
Chimney and Saddle Flashing for Slate or Tile Roofs.....	35	57	Balcony Rail and Door Sill Flashing—Scupper and Outlet Tube.....	72	132
Flashings Against Rubble Stone and Stucco Covered Chimneys.....	36	60	Stone Cornice Flashing with Outlet Tube	73	132
Dormer Window Flashing at Slate or Flat Tile Roofs.....	37	60			
Dormer Window Flashing with Cheeks of Stucco .....	38	60			

(Continued on Page 8)

# STANDARD PRACTICE IN SHEET METAL WORK

## Contents—(Continued from Page 7)

Caption	Plate No.	Page No.	Caption	Plate No.	Page No.
Water Table on Slate, Brick Veneer and Stucco Walls .....	74	135	Hip, Ridge, Valley and Corner Casings on Corrugated Building.....	3	153
Window Frame Flashings on Shingle or Brick Veneer Walls.....	75	135	Hip and Eaves Joints on Corrugated Gambrel Roof .....	4	153
Window Frame Flashing on Metal Lath, Stucco Walls .....	76	138	Brick Chimney Flashings with Corrugated Roofing .....	5	153
Band Mold and Timbered Wall Flashing	77	138	Typical Corrugations and Standard Laps on Roofing and Siding.....	6	158
Coping Over Brick Gable Wall.....	78	138	Fasteners for Corrugated Sheets on Roof Purlins .....	7	158
Ribbed Coping and Cap Flashing on Gable Wall .....	79	142	Fasteners for Corrugated Siding on Steel and Wood Girts.....	8	158
Molded Coping and Wall Covering.....	80	142	Corrugated Sheets, Flashing and Ridge Roll on Steel Structures.....	9-9D	163
Sheet Metal Copings on Horizontal Walls .....	81	145	Hip, Valley and Plain Eaves Finish for Corrugated Roof .....	10	167
Coping at Adjoining Old and New Walls	82	145	Plain Gable Finish and Flashing at Brick and Corrugated Walls.....	11	167
<b>CORRUGATED ROOFING AND SIDING</b>			Stack Flashings and Jacket on Corrugated Roof .....	12	167
Corrugated Roofing and Siding on Wood Structure .....	1-1C	148	Corrugated Awning Construction.....	13-13A	167
Sliding Door Installation in Corrugated Side Walls .....	2	153

Metal Cornices

CAPTION	DRAWING NO.	PAGE NO.
Specifications .....		218
Cornice and Gutter Construction for Residences, Stores, etc., Typical .....	1	222
Tall Sheet Metal Cornice and Balustrade Typical.....	2-2A	222
Cornice and Balustrade of Fire-proof Building.....	3-3B	226
Cornice and Tracery Balustrade.....	4-4C	230
Building with Sheet Metal Cornice and Marquise.....	5-5E	230
Half-round and Molded Gutters.....	6	242
Sheet Metal Tile Roofing, Gutters and Conductors.....	7	244
Sheet Metal Work on Small Residence—Mansard Roof.	8	244
Building with Mansard Roof.....	9-9A	247
Batten Seam Mansard Roof.....	10-10B	250
Residence Roof with Dormer Window.....	11	254
Hipped Roof with Dormer Window.....	12	254
Building with Sheet Metal Attic Story.....	13	257
Building with Metal Cornice and Tile Roof.....	14	259
Sheet Metal Work on Colonial Church.....	15-15D	261
Sheet Metal Work on English Gothic Church.....	16-16E	268
Sheet Metal Work on Church with Square Fleche.....	17-17C	275
Sheet Metal Work on Italian Renaissance Church.....	18-18F	280
Building with Tile Roof, Cornice, Bay Window and Marquise .....	19-19F	280
Sheet Metal Work on Two-Story Store Front.....	20-20B	295
Sheet Metal Store Front.....	21-21A	299
Sheet Metal Parapet, Cornices, Bay Windows and Store Fronts .....	22-22E	302
Sheet Metal Treatment on Tall Building Facade.....	23-23F	302
Cornice on Merchants Bank Building.....	24-24C	316
Circular Cornice Work on Hotel Building.....	25	321
Massive Cornice on Hotel Building.....	26	321
Ornamental Cornice on Steel Lookouts.....	27	321
Small Cornice Supported on Wooden Lookouts.....	28	321
Vertically Curved Cornice.....	29	326
Semi-Circular Stairway in Light Court.....	30	326
Cornice for a Building with High Roof Trusses.....	31-31B	326
Sheet Metal Cornice on Bank Building.....	32-32A	332
Ornamental Cornice with Brick Frieze.....	33	332
Cornice on Public School Building.....	34-34B	332
Massive Cornice on Apartment House.....	35-35A	332
