

FOREWORD

The Safety Committee of the Sheet Metal and Air Conditioning Contractors' National Association (SMACNA) has developed the *SMACNA HAZCOM TOOLBOX TALKS* for all contractor members of SMACNA.

This manual is intended to provide refresher training material. For compliance with the requirements of OSHA's Hazard Communication Standard, please refer to the model Hazard Communication Program contained in the *SMACNA Guide to Safety Policy and Procedures* manual.

SMACNA accepts no liability for the consequences of reliance on the contents of these Toolbox Talks.

1996 SMACNA Safety Committee

John P. "Jack" Morrell, Chairman
Tampa, FL
