SMACNA COMMITTEES

ARCHITECTURAL SHEET METAL COUNCIL STEERING COMMITTEE
This Committee provides a structured institution within SMACNA to develop and offer high-quality programs and services directly designed to enhance the businesses, markets and profitability of SMACNA members performing architectural sheet metal, custom fabrication and manufacturing work. The Committee identifies and responds to issues and trends in the architectural metals, custom fabrication and manufacturing sectors that impact member businesses, markets and profitability.

For more information, contact Thomas J. Soles, Jr. (tsoles@smacna.org) or Michael McCullion (mmccullion@smacna.org) at SMACNA National.

ASSOCIATE MEMBER COMMITTEE
The Associate Member Committee provides a structure of benefits and incentives designed to enhance the development of communications and mutually beneficial business partnering relationships between SMACNA contractors and industry suppliers. The Committee also fosters the growth of industry supplier participation in the SMACNA Associate Member Program through direct contact and solicitation of prospective participants.

For more information, contact Thomas J. Soles, Jr. (tsoles@smacna.org) or Bridgette Bienacker (bbienacker@smacna.org) at SMACNA National.

BUDGET AND FINANCE COMMITTEE
The Budget and Finance Committee, in cooperation with the staff and other committees, prepares a proposed annual budget for approval by the Board of Directors.

For more information, contact Vincent R. Sandusky (vsandusky@smacna.org) or Jerrold Marans (jmarans@smacna.org) at SMACNA National.

BUSINESS & FINANCIAL MANAGEMENT COMMITTEE
The Business Management Committee reviews and evaluates SMACNA’s educational programs. These programs include Business Management University, Financial Boot Camp, Project Managers Institute, Advanced Project Manager Institute, SMACNA Leadership Development Program and Supervisor Training Academy. The Committee also recommends the development of new national programs. Each year the Committee reviews and makes recommendations to promote the survey and increase participation with SMACNA’s Financial Survey Report. The Committee reviews SMACNA's Chapter Education and Supervisory Training Programs and recommends replacement programs and/or new programs. The Committee is also charged with identifying and recommending alternative delivery methods for educational programs.
CONVENTION COMMITTEE
The Convention Committee plans the program for the annual convention and product show. The Committee organizes a convention program to create an atmosphere that will present SMACNA contractor members and their families with educational and informational opportunities through educational sessions, forums, displays and a supplier trade exhibition. The convention is also designed to permit SMACNA membership to conduct the business of the association, to encourage membership participation in the activities of the association and to foster and renew a sense of pride in SMACNA.

For more information, contact John Franco (jfranco@smacna.org) at SMACNA National.

CREDENTIALS COMMITTEE
The Credentials Committee monitors the delegate voting procedure in accordance with the Constitution and Bylaws. This includes the validation of chapter delegates, ensuring that the number of delegate votes per chapter accurately reflects the number of members in good standing, resolving differences that may arise in the validation of authorized votes, and presiding over the balloting at the Annual Business Meeting.

This Committee is chaired by the SMACNA Immediate Past President. For more information, contact Jason Watson (jwatson@smacna.org) at SMACNA National.

DIRECTOR NOMINATING COMMITTEE
The Director Nominating Committee is responsible for the evaluation of applications from eligible SMACNA members interested in serving in the position of director of SMACNA and developing a slate of candidates for election by the SMACNA membership during the annual business meeting conducted as part of the convention. The Committee consists of five members elected by the membership and five members appointed by the SMACNA president.

For more information, contact Vincent R. Sandusky (vsandusky@smacna.org) at SMACNA National.

HVAC CONTRACTORS COUNCIL STEERING COMMITTEE
This Committee provides a structured institution within SMACNA to develop and offer high-quality programs and services directly designed to enhance the businesses, markets and profitability of SMACNA members performing HVAC, service contracting and duct manufacturing work. It identifies and responds to issues and trends in the HVAC, service contracting and duct manufacturing sectors that impact member businesses, markets and profitability.

For more information, contact Thomas J. Soles, Jr. (tsoles@smacna.org) or Michael McCullion (mmccullion@smacna.org) at SMACNA National.
INDUSTRIAL CONTRACTORS COUNCIL STEERING COMMITTEE
This Committee provides a structured institution within SMACNA to develop and offer high-quality programs and services directly designed to enhance the business markets and profitability of SMACNA members performing industrial sheet metal work. It identifies and responds to issues and trends in the industrial sector that impact member businesses, markets and profitability.

For more information, contact Thomas J. Soles, Jr. (tsoles@smacna.org) or Michael McCullion (mmccullion@smacna.org) at SMACNA National.

INVESTMENT COMMITTEE
The Investment Committee oversees the investment of SMACNA reserves in accordance with the investment policy approved by the SMACNA Board of Directors.

For more information, contact Jerrold Marans (jmarans@smacna.org) at SMACNA National.

LABOR COMMITTEE
The Labor Committee recommends and implements the labor relations policies and programs of the Association. The Committee interacts with all SMACNA Committees, Task Forces and SMACNA-sponsored Trusts that interact with SMART to advance SMACNA’s labor relations strategies, goals and objectives. The Labor Committee functions as SMACNA’s representative and spokesperson regarding all labor relations matters which are national in scope. The Committee negotiates the Standard Form of Union Agreement (SFUA) and any specialty agreements and addenda with SMART. Committee members serve as management arbitrators on the National Joint Adjustment Board (NJAB) to settle industry grievances and contract renewal disputes. Additionally, the Labor Committee is charged with planning labor relations educational programs for SMACNA members and chapters.

For more information, contact Joyce Blanscett (jblanscett@smacna.org) at SMACNA National.

LEGISLATIVE COMMITTEE
The Legislative Committee is responsible for developing and monitoring strategy for legislative matters affecting SMACNA contractors. The Committee, with appropriate input from other SMACNA committees, determines whether existing policy dictates support or opposition for specific legislative initiatives and whether the SMACNA Board of Directors needs to establish new or modify existing policy.

For more information, contact Stanley E. Kolbe, Jr. (skolbe@smacna.org) at SMACNA’s Capitol Hill office.

NATIONAL RESIDENTIAL CONTRACTORS COUNCIL STEERING COMMITTEE
This Committee establishes a structured institution within SMACNA focused on developing and offering a set of high-quality programs and services directly designed to enhance SMACNA
residential and service contractor member businesses, markets and profitability. It identifies and responds to issues and trends in the residential sector that impact member businesses, markets and profitability.

For more information, contact Thomas J. Soles, Jr. (tsoles@smacna.org) or Michael McCullion (mmccullion@smacna.org) at SMACNA National.

PRODUCTS & PROGRAMS COORDINATING COMMITTEE
This Committee prioritizes and recommends non-technical projects and programs that enhance member businesses, markets and profitability in accordance with SMACNA’s strategic plan.

For more information, contact Thomas J. Soles, Jr. (tsoles@smacna.org) at SMACNA National.

SAFETY & HEALTH COMMITTEE
The purpose of the SMACNA Safety Committee is to discuss current issues and topics in safety and health that affect the sheet metal and HVAC industry. The Committee provides recommendations to the SMACNA safety and health department regarding future projects, products, and services to assist members in implementing and improving company safety and health programs.

For more information, contact Michael McCullion (mmccullion@smacna.org) at SMACNA National.

SMAC PAC COMMITTEE
Donations for both SMAC PAC (personal contributions) and the Administrative Fund (corporate contributions) are solicited from individual SMACNA members and chapters. SMAC PAC is responsible for utilization of these funds and determines appropriate distribution of contributions to candidates. Legislative Committee members serve as SMACNA’s representatives to the SMAC PAC Committee.

For more information, contact Stanley E. Kolbe, Jr. (skolbe@smacna.org) at SMACNA’s Capitol Hill office.

TECHNICAL RESOURCES COMMITTEE
The Technical Resources Committee members have prior experience as either members or Chairmen of one of the technical discipline task forces. The Committee monitors and coordinates the activities of the technical task forces with the objective of ensuring that SMACNA provides timely and cost-effective technical services to chapters and members.

For more information, contact Eli P. Howard, III (ehoward@smacna.org) at SMACNA National.

WOMEN IN CONSTRUCTION LEADERSHIP COUNCIL
The council is dedicated to the advancement of women who aspire to take leadership positions in SMACNA member companies and chapters who are interested in becoming involved in SMACNA both locally and nationally.
For more information, contact Bridgette Bienacker (bbienacker@smacna.org) at SMACNA National.
SMACNA TASK FORCES

SMACNA Task Forces are formed to address specific projects/concerns. The Task Forces are disbanded upon the completion of the project. Current SMACNA Task Forces are as follows:

CONTRACTOR OPERATIONS MANUAL TASK FORCE
For more information, contact Thomas J. Soles, Jr. (tsoles@smacna.org) or Bridgette Bienacker (bbienacker@smacna.org) at SMACNA National.

FOOD GRADE TASK FORCE
For more information, contact Shawn Ohara (sohara@smacna.org) at SMACNA National.

SEISMIC RESTRAINT TASK FORCE
For more information, contact Mark Terzigni (mterzigni@smacna.org) at SMACNA National.

SMACNA INFECTIOUS CONTROL RISK ASSESSMENT (ICRA) TASK FORCE
For more information, contact Eli P. Howard, III (ehoward@smacna.org) at SMACNA National.
SMACNA TRUSTS AND OTHER GROUPS

CHAPTER EXECUTIVES’ INSTITUTE BOARD
The Chapter Executives’ Institute Executive Board has the primary function of planning the educational program for the annual Chapter Executives Institute. The Institute is designed to provide a continuing education experience for Chapter Executives to enhance professional skills and knowledge in local association administration. The Committee also functions as a liaison for Chapter Executives, National SMACNA executive staff, SMACNA Executive Committee (officers) and the Board of Directors.

For more information, contact Bridgette Bienacker (bbienacker@smacna.org) SMACNA National.

COUNCIL OF CHAPTER REPRESENTATIVES
SMACNA’s Council of Chapter Representatives is composed of two elected representatives from each chapter. The council is the grassroots branch of SMACNA’s organization, bringing ideas and problems directly from contractor members to formulate into recommendations to the Board of Directors. Through this information exchange, each SMACNA member is assured a voice in the association, thus ensuring the type of involvement that has made SMACNA a success.

For more information, contact Jason Watson (jwatson@smacna.org) at SMACNA National.

POLITICAL PACESETTERS COUNCIL
The Political Pacesetters Council is a coalition of individual contributors who invest in their political and business future with a personal commitment of $5,000 per year to SMAC PAC. These Political Pacesetters have a frontline role in shaping SMACNA’s political agenda with the Washington D.C. power establishment, selecting the top candidates and parties to receive primary and general election funds from SMAC PAC, participating in meetings and key issue briefings with elected congressional leaders and staff both in D.C. and across the country, and seeing that industry interests and business issues are addressed on the record.

For more information, contact Stanley E. Kolbe, Jr. (skolbe@smacna.org) at SMACNA’s Capitol Hill office.

SMACN-IFUS TRUSTEES
The Trustees of the Industry Fund of the United States (IFUS) are responsible for the general management of the trust fund. This includes the receipt of contributions and the approval and subsequent monitoring of programs and projects that improve and benefit the sheet metal and air conditioning industry and the contribution the industry makes to the community. Such programs include, but are not limited to, educational programs, public relations activities on an industry-wide basis that enhance job opportunities, establishment of technical standards that keep pace with industry developments, formulation of programs that promote harmony between employers and employees, and institution of programs that will assist the industry to be of greater service to the public.
For more information, contact Jerrold Marans (jmarans@smacna.org) at SMACNA National.

SMACNA EMPLOYEES’ PENSION PLAN TRUSTEES
The Employee’s Pension Plan Trustees determine the provisions of SMACNA’s employee pension plan and oversee the administration of the plan.

For more information, contact Jerrold Marans (jmarans@smacna.org) at SMACNA National.

SMACNA TESTING & RESEARCH INSTITUTE BOARD OF DIRECTORS
For more information, contact Eli P. Howard, III (ehoward@smacna.org) at SMACNA National.
JOINT INDUSTRY COMMITTEES, TASK FORCES, TRUSTS & PROJECTS

ITI BOARD OF TRUSTEES
The Sheet Metal International Training Institute (ITI) is composed of trustees selected by SMACNA and SMART to direct and coordinate efforts in the development and maintenance of training curriculum, materials, and equipment to be utilized exclusively for journeymen education and training programs for the union segment of the sheet metal industry. The ITI also develops, conducts and maintains curriculum and training materials for journeymen apprentice program instructors.

For more information, contact Eli P. Howard, III (ehoward@smacna.org) at SMACNA National.

ITI LEAN TASK FORCE
For more information, contact Eli P. Howard, III (ehoward@smacna.org) at SMACNA National.

NATIONAL ENERGY MANAGEMENT INSTITUTE TRUSTEES (NEMI)
The National Energy Management Institute (NEMI) was created by SMACNA and SMART in an effort to provide access to emerging markets such as indoor air quality, building retrofit, commissioning and recommissioning. NEMI’s Testing and Adjusting Balancing Bureau (TABB) is also providing SMACNA members with access to a certification process for TABB operations involving certified contractors employing certified ITI trained technicians and certified supervisors.

For more information, contact Eli P. Howard, III (ehoward@smacna.org) at SMACNA National.

NATIONAL ENERGY MANAGEMENT INSTITUTE COMMITTEE (NEMIC)
The National Energy Management Institute Committee appropriates and oversees the collection and disbursement of contributions used to achieve the objectives outlined by NEMI.

For more information, contact Eli P. Howard, III (ehoward@smacna.org) at SMACNA National.

NATIONAL JOINT ADJUSTMENT BOARD
The National Joint Adjustment Board for the Sheet Metal Industry (NJAB) is comprised of representatives from SMACNA and SMART and is designed to promote, improve and maintain peaceful labor relations among employers, chapters and local unions through the settlement of locally unresolved grievances and contract renewal disputes. Strikes, lockouts and work stoppages are prohibited while NJAB procedures are ongoing.

For more information, contact Joye Blanscett (jblanscett@smacna.org) at SMACNA National.
NATIONAL PENSION FUND
The National Pension Fund (NPF) was started in May 1966. Although originally intended as a means of providing retirement benefits for Production workers, the Building Trades segment of the SMART quickly came on board. SMACNA became a Plan Sponsor in 1999.

For more information, contact Joye Blanscett (jblanscett@smacna.org) at SMACNA National.

NEMIC INFECTION CONTROL RISK ASSESSMENT TASK FORCE
For more information, contact Eli P. Howard, III (ehoward@smacna.org) at SMACNA National.

NEMI/NEMIC INTERNATIONAL CERTIFICATION BOARD
For more information, contact Eli P. Howard, III (ehoward@smacna.org) at SMACNA National.

SFUA ARTICLE X PANELISTS
In accordance with the provisions of Section 3 of Article X of the Standard Form of Union Agreement (SFUA), grievances unresolved at the local level may be appealed for decision by a panel of two individuals, one representing SMACNA and one representing SMART. The management co-chair of the National Joint Adjustment Board (NJAB) appoints the panelist representing SMACNA and the labor co-chair of the NJAB appoints the panelist representing the SMART. These panelists, acting in the capacity of arbitrators, meet to hear and resolve grievances that have either been deadlocked at the local level or remain unresolved due to the failure of the Local Joint Adjustment Board to meet. In addition, local grievances involving “out-of-town” contractors may be appealed to a panel regardless of the decision of the local board. Except in case of a deadlock, the decision of the panel is final and binding.

For more information, contact Joye Blanscett (jblanscett@smacna.org) at SMACNA National.

SHEET METAL INDUSTRY LABOR MANAGEMENT COOPERATION FUND
The Sheet Metal Industry Labor Management Cooperation Fund is to advance the interests and prosperity of the union, its members, signatory employers and associations—and customers and users of union services in the sheet metal industry. The LMCF is funded by contributions from SMACNA, SMART, the National Energy Management Institute, the International Training Institute and the Sheet Metal Occupational Health Institute Trust.

For more information, contact Jason Watson (jwatson@smacna.org) at SMACNA National.

SHEET METAL WORKERS’ NATIONAL SUPPLEMENTAL SAVINGS FUND
For more information, contact Joye Blanscett (jblanscett@smacna.org) at SMACNA National.
SMACNA/SMART BEST PRACTICES MARKET EXPANSION TASK FORCE
The SMACNA/SMART Best Practices Market Expansion Task Force is charged with implementing strategies and projects to gain/re-gain market share. This group has been mapping out approaches so building owners, general contractors, industrial owners and large engineering and construction firms and all other decision makers will know more about the union sector of the sheet metal industry.

For more information, contact Jason Watson (jwatson@smacna.org) at SMACNA National.

SMOHIT BOARD OF TRUSTEES
The SMOHIT Board of Trustees works towards improving the health, safety, and well-being of its membership through the development of initiatives including state-of-the-art training programs, industry needs assessments, updated services, and awareness campaigns.

For more information, contact Eli P. Howard, III (ehoward@smacna.org) at SMACNA National.
