

CASWELL FIRESAFE® - Coming to AHR Las Vegas 2022

UK • EUROPE • MIDDLE EAST • ASIA • USA

THIRD-PARTY CERTIFIED BY
INDEPENDENT NOTIFIED BODY

British company **Firesafe Fire Rated Ductwork Ltd** is looking for prospective Partners to manufacture, install and certify **CASWELL FIRESAFE®** systems under license in the USA.

AWARD-WINNING PRODUCT

CASWELL FIRESAFE® is our international brand of Fire Resisting Ductwork. We have a global network of Licensed Manufacturing Partners in the UK, Europe, the Middle East, Far East, Asia and the USA.

AWARD-WINNING COMPANY

As winners of the prestigious **Queen's Award for Enterprise - International Trade** and Member of the International Code Council (ICC), our business model is the perfect fit for SMACNA members.

With the product being proudly

'Made in the USA' our Partners benefit from engineering design excellence and world-class support.

PROVEN TESTING

CASWELL FIRESAFE® has been tested to meet British, European & International Standards.

Fire rated up to 4 hours for Stability, Integrity & Insulation, it offers effective, proven solutions for Grease Duct, Smoke Control, Pressurisation and general Ventilation systems.

PROVEN COMMITMENT

We're a **SMACNA Silver Associate** and - although we can't be at the 78th SMACNA Convention & Product Show, Maui HI - we will be back in the USA again for the **AHR Expo in Las Vegas, NV. Jan 31 - Feb 2 2022**. Call by and find out more on

Booth **N10706**
